

Ally and the Maid

Deeana had just left the room to go to the pool and tan, so Ally turned on the television, checking the porn channels to see if anything good was on. Deeana and Ally had been planning this trip to the beach since they graduated in June, but it hadn't really turned out as they had hoped. The sex definitely wasn't as kinky as they had wanted, and all Ally wanted was to finally have some fun. It was sort of awkward, coming to the beach to have sex, but Ally didn't have her own apartment, and definitely didn't want her parents finding out about her girlfriend, and Deeana had a somewhat serious boyfriend back home, so the beach trip was just to have a little bit of fun. As Ally was flipping through the porn channels, she came across a scene where two girls were taking turns fingering each other.

This turned Ally on. She pulled her shorts down to her knees and **began fingering** herself; she let out a soft moan and covered her head in the pillow so nobody could hear her. She got so caught up in masturbating, she didn't even realize that the maid had come in to renew the bed sheets.

"Oh, pardon me, I'm very sorry", when Ally looked up, there stood a beautiful blonde woman, who looked about 21, which was nice, since Ally was a few days over 19. Ally, in embarrassment quickly removed her hand from her already wet pussy. The maid smiled and looked at the TV. "I'm Christine," she said. Ally, still embarrassed, replied, "I'm Alexis, but call me Ally". Ally walked out on the balcony, forgetting to close the door, while Christine began to clean the room.

About five minutes later, Ally walked back into the room, as Christine bent over, Ally saw her pink lace thong under her maid uniform. This turned her on. She walked past Christine, and into the bathroom, she wanted to fuck Christine so bad. It was then that she walked out of the bathroom, and looked Christine in the eyes, then passionately kissed her, their tongues swirling around in each others mouths, rubbing her perfectly **rounded ass**. Christine didn't object to this, in fact, it turned her on.

She grabbed Ally, and pushed her down on the bed as ally started to help Christine take off her maid uniform. When her uniform was on the floor, Ally looked at her beautiful C cup breasts with only a pink lace bra on, where you could see her pink nipples through the lacework. And her shaven pussy, which was visible through her matching hot pink thong.

Christine kissed ally on the lips, then neck, then removed her shirt, Ally wasn't wearing a bra since she had just awoken, and it was then that she began sucking on **Ally's nipples**. "Ohhhh yeahhhh" Ally moaned. Then Christine moved farther down and removed Ally's shorts, and her already wet panties.

"Do you like this?" Christine sat up saying, rubbing her breasts, and then her pussy. Ally didn't know how to reply, she was so aroused by this, she leaned upward, and unhooked Christine's bra, then leaned down and got rid of the underwear. Ally pushed

Christine to the bed as they both began giggling, they went into a 69. Christine was so good with eating her out; Ally was in utter amazement as she arousingly moved her tongue around her clitoris. Both girls slid their wet tongues over and over each others **dripping pussies** while stopping every once in while to taste their fragrant puckered little assholes that were under each other's noses. Licking and wriggling, they went at each other as if they had not had sex for years. Fingers and tongues went places that few have gone before as the room began to smell strongly of female sweat and juices that were by then flowing freely.

Ally sat up and started kissing Christine again, all over her beautiful body. She rubbed her breasts, feeling them with her fingertips. Christine leaned over

the bedside, and wrote something on a piece of paper, and then joined Ally again naked on the bed. The lesbian porno on the television still going,

the two girls kissed and licked and sucked for 2 more hours, when they heard a knock at the door.

"Ally, its Deana, I left my key in the room, can you let me in?" Ally quickly jumped up, as did Christine. Ally yelled "ohh, just a minute I'm in the shower", as Christine threw on her uniform, she handed ally her pink thong as a keepsake, and went into the bathroom, pretending to restock the toiletries.

Ally checked the room one last time, she threw Christine's thong into her suitcase, and closed it, then opened the door for Deanna. She greeted her with the most passionate kiss, and Deanna didn't back away. Christine left the room with a smile on her face, as **Deana and Ally made out.** A little while later, Ally walked over to the nightstand in her bra and underwear, and saw Christine's phone number, then quickly hid it in her suitcase, Deana would never know about that little episode she thought, with a smile on her face.
